

## PIONEER 600C

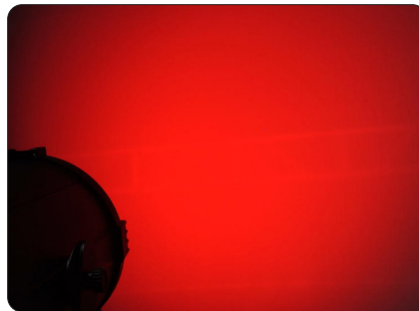

The Pioneer 600C adopts an RGBWAL six color mixed light system, with a single LED bead reaching 100W and outstanding color reproduction ability. Compared with traditional LEDs, it has a wider color gamut and higher color reproduction. 8 ° -60 ° electric zoom, suitable for precise lighting over long and short distances. Supporting multiple controls such as DMX/RDM and body knobs, it is a professional choice for theaters, studios, and high-end conference scenes.

### Key features:

- RGBWAL 6-color light source, fuller and more delicate than traditional RGBW
- 8 ° - 60 ° electric zoom, spot changes freely
- 1800K-10000K color temperature adjustable
- Ultra quiet operation, suitable for studios and theaters
- uniform color
- DMX, RDM, Knob control, supports 2/8/13 channels

### Application:

- Mobile performance
- Theater
- Exhibition
- Studio
